

Guidance Notes for Presenters of Individual Posters

Maximum poster size: A0 (841mm × 1189mm / 33.1" x 46.8").

The poster must be oriented in the "vertical" position (long dimension is vertical).

We thought it would be helpful to send you a few notes about your poster presentation. The suggestions are meant to be a helpful guide and are based on feedback about successful presentations at recent conferences. We hope you will find these notes useful and supportive.

If at all possible, your poster should be left on display from 12th to 14th September. We will allocate you a specific time when you will be expected to be in attendance beside your poster. This time will be advertised in the programme and will last 75 minutes for the Poster Session A/B and 40 minutes for the Poster Session C.

You will receive a map of the venue when you arrive and this will help you to find your poster display room. The room will be available for preparing your poster display from midday on 12th September. Poster displays must be dismantled and removed from the room by midday on 14th September.

The IComSC Crew will be present throughout the conference should you need assistance. Please do not hesitate to ask them for any help you need. They will have IComSC 2011 ID badge with our conference logo.

We are looking forward to meeting you and wish you a successful presentation.

Organizing Committee of the 11th International Commodity Science Conference
